Imagining Career Pathways

Preparing for Career Pathways

What is being done to ensure that the experiences being offered to students engage them in pursuing STEM careers and being prepared to pursue them?

What are the qualities of an alliance that supports a focus on quality Career Pathways and what you recommend as others begin this work?

Preparing for Career Pathways

Take a moment to share with your neighbors an interesting point you will take away from the conversation so far and discuss questions you may still have of the panel?

Preparing for Career Pathways

How can open resources and products such as iTunesU help schools, communities, and organizations provide greater access and higher-quality learning experiences that support students as they progress along their career path?

Audience Questions

Preparing for Career Pathways

If you were to make ONE recommendation to folks interested in really creating a solution for career pathways in their community, what would you recommend?

Governor Mary Fallin's 4th Annual STEM Summit 11-1-16 // Cox Convention Center // OKC
