

Pathway to Apprenticeship

1

Explore

Contact OOWD to get started on the pathway to apprenticeship. Discover different types of programs and how they are customizable to your needs.

2

Plan

Form your internal program team, typically including a decision maker, project lead and HR representative. Gather existing internal training plans and create an apprenticeship job description.

3

Connect

Reach out to OOWD staff who can help you execute your plan, identify resources and coach you to the finish line.

4

Partner

Link up with local or national training providers. Expand your existing education relationships or foster new partnerships.

5

Build

Identify your wage scale, clarify work processes and develop related training curriculum. Outline recruitment and selection plans to hire new apprentices.

6

Register

Work with OOWD to complete the apprenticeship standards template. Connect with the U.S. Department of Labor and apply to become an ApprenticeshipUSA program.

7

LAUNCH!

Utilize state and federal resources to start recruiting and hiring apprentices. Begin to see a return on your investment!
