MESSAGE: The poverty guidelines are a simplified version of the poverty thresholds that the Census Bureau uses to prepare its estimates of the number of individuals and families in poverty. The LLSIL is used for several purposes under the WIOA. Specifically, WIOA SEC.3(36) defines the term “low income individual” for eligibility purposes, and Sections 127(b)(2)(C) and

Table with 2 columns: RESCISSIONS (OWDI #08-2018) and EXPIRATION DATE (Continuing)

132(b)(1)(B)(V)(IV) define the terms “disadvantaged youth” and “disadvantaged adult” in terms of the poverty line or LLSIL for State formula allotments.

The governor and state/local workforce development boards (LWDBs) use the LLSIL for determining eligibility for youth and adults for certain services.
